

# RFP 2008-02 Website Overview

## Welcome to RFP 2008-02 HOME PAGE

The RFP 2008-02 HOME PAGE is divided into the following three sections:

1. [§ Website Overview, RFP 2008-02 \(Sections 1-6\), & Evaluation Criteria](#) contains the following:
  - The Website Overview is a document to assist in the navigation of the RFP 2008-02 HOME PAGE.
  - The core RFP 2008-02 document has two links: The [PDF] link is to the PDF version of the document and the [Word] link is to the MS-Word version of the document. The Word version is set to print in duplex (front and back). Note: If you are not set up for duplex printing, the page numbers will alternate printing in the right and left corners of the page.
  - The core RFP document contains placeholder pages that are aligned with the Section 7 Appendices. Each placeholder page has the Appendix title so the respective Appendix can be printed and added if the Offeror desires a paper copy of the entire RFP document.
  - Proposal Evaluation Criteria are included for each of the contracts: Fiscal Agent Services (FAS), Provider Enrollment Services (PES), and Drug Rebate Services (DRS).
2. [§ Appendices & Exhibits \(Section 7\)](#) contains the Appendices and Exhibits of the RFP document.
  - Appendices A–D are to be used by all Offerors, regardless of the contract(s) for which the Offeror is submitting a proposal(s).
  - The remaining Appendices are modular to enable Offerors to access them by each contract respectively: Appendix E: Fiscal Agent Services, Appendix F: Provider Enrollment Services, and Appendix G: Drug Rebate Services. Offerors submitting proposals on only one contract do not need to be concerned with the other two Appendices.
  - Each Appendix includes all the documents for that Appendix in a PDF.
  - Some documents are also provided in a Word version to assist Offerors in submitting a “Modifiable Document” as part of their proposals.
  - Section 7 also contains an Exhibit that is part of each of the Standard Agreements: E.V FAS Standard Agreement, F.IV PES Standard Agreement, and G.IV DRS Standard Agreement. The Standard Agreements reference Exhibit A: Final Cost Schedules. Exhibit A will be created at the time of final contract negotiations and therefore is not listed in the Exhibit section. Only Exhibit B: Certification Regarding Lobbying is listed. The RFP 2008-02 Word document can be used for copying the Final Cost Schedules (Cost Proposal sections) and Appendix A.I: Small Business Subcontracting Plan template.
3. [§ RFP 2008-02 Reference Library](#) contains a link to all reference materials for each respective contract. The reference materials are different for each contract and may or may not contain the following information: Systems Documentation, EDI Documentation, Operations Documentation, and Security Documentation.

Note: Unless otherwise indicated, documents are in PDF files.
